I am a person of assured financial standing and have sufficient funds to cover expenses related to travel, medical treatment, stay to deal with exigencies during the visit and stay in India.

I further undertake that I would take medical treatment/discharge responsibilities of medical attendant in the Hospital endorsed on the visa sticker and would not change the Hospital unless it has been approved by the competent authority.

I fully understand and endorse that the medical attendant visa is granted for the purpose of assisting the patient and thus the conduct of the medical attendant is my responsibility and so as it is the responsibility of the medical attendant to take care of the patient in India for the purpose of medical treatment.

I undertake to assist the local authorities/hospitals/hotels in the registration process as per the local provisions.

I fully understand that any violation of the above provisions makes me liable for legal action as per the laws of India.

Yours faithfully
